EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Richard Silverman on September 29, 2004.

The application has been amended as follows:

REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

Note that, Applicant's amendments, Applicant's arguments and the Examiner's Amendment are sufficient to place the instant claims in condition for allowance. Note that, while Applicant has provided a certified translation of the priority documents, Applicant has not provided certified copies of the actual foreign priority documents and thus, foreign priority has not been granted.

Of the references of record, the most pertinent is WO01/00767. '767 teaches a laundry detergent composition which comprises a fabric enhancement system which comprises one or more polyamine and a transition-metal containing dye protection system which comprises an oligomer formed from the reaction of an imidazole and a crosslinking agent, preferably epichlorohydrin. See Abstract. However, '767 does not teach the specific dye fixative compounds as recited by the instant claims.

None of the references of record, alone or in combination, teach or suggest a composition and method of using such a composition for inhibiting dye transfer containing a surfactant, dye fixative compound, and the other requisite components of

the composition in the specific proportions as recited by the instant claims. Accordingly, since the prior art fails to teach or suggest such a composition or method of using such a composition as recited by the instant claims, the instant claims are deemed allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
